Summary

Front-end Web Developer based in Nigeria focused on designing engaging UI, building interactive experiences & bringing products to life through design and technology. I have always supported the idea of a minimalistic and user-focused approach to design and development, which I imbibe when designing and building fully responsive web applications.

WORK EXPERIENCE

Stephencreativehub | Frontend Engineer

2025

- Revamped company website using JAM stack
- Languages: HTML, Javascript/Typescript, CSS

McPherson University | Web Developer (Freelance)

2025

- Designed front-end applications, and user-interactive (UI) web pages using web technologies like HTML5, CSS3, JavaScript, and Bootstrap4.
- Edited HTML/CSS/JavaScript and plugins via WordPress/WPEngine, and fixed bugs with existing Shopify websites
- Increased traffic and enhanced page ranking by improving website structure, performing Search Engine Optimization (SEO) and Search Engine Marketing (SEM) for local improvements.

McPherson University | Software Engineer

2023 - 2024

- Designed the user interface for the project given, and built it out in HTML, CSS, and Vanilla Javascript.
- Collaborated effectively with software development team members and personnel in other departments.
- Increased my knowledge in CS by taking online classes on Unified Modeling Language(UML), and class diagrams and learned how they work to simplify architectural development, which was required for the project.

Loobles | Technical Specialist & Author (Contract)

2020 - 2023

- Utilized exceptional writing, editing, and proofreading documentation skills to produce engaging and error-free content.
- Followed company policies and editorial guidelines to craft thorough, well-written content.
- Worked with editors to fine-tune articles, which improved my personal editing skills.

EDUCATION AND CERTIFICATIONS

- BACHELOR OF SCIENCE - Computer Science | McPherson University | In-View
- PROFICIENCY IN SOFTWARE DEVELOPMENT - Software Engineering | ALX SWE
